

Accessories for the Polo.

Volkswagen Accessories: More tests for your safety.

| | |
|--|-----------------------------------|
| Highest testing standards: Strict criteria for selection and uncompromising test drives in a series of perfectly combined tests ensure even more safety. With Volkswagen Genuine Accessories. | Volkswagen Genuine Accessories |
| The following is true also for this enhancement for Volkswagen Genuine Accessories: We do more than many other companies and perform these tests according to above-average inspecting methods by ourselves, such as with the City Crash Test. | Trade products |
| The products are tested for their user reliability and usability by the respective manufacturer themselves and, if necessary, by the TÜV, DEKRA or GTÜ (German testing institutes). | Open market |

Volkswagen – a brand that stands for quality, safety and innovation, for generations. A brand that has not only been an important part of history but has also set trends in development and has gained the trust of millions of people from around the globe. Therefore a brand that is committed, down to the smallest detail. As with Volkswagen Genuine Accessories.

More quality

No matter how high the demands are – we are starting at the top and are striving further upwards. Using the best materials, state-of-the-art production processes and excellent processing to ensure that good will always keep improving.

More safety

Clear safety principle: More performance requires more commitment. This is why our testing procedures are more stringent, our demands much higher and our test routes much more difficult than other ones – as standard.

More Volkswagen

Each Volkswagen Genuine Accessories product is developed in conjunction with the vehicle itself. Clear goal of the team: Everything must fit perfectly so that we are able to impress you with a precise sharpness in detail, again and again. Or in other words: so that a Volkswagen stays a Volkswagen.

4 **Sport & Design**

Pedal cap set, front spoiler, side skirt kit, rear skirt, rear wing, rear strip in chrome effect

8 **Wheels & Tyres**

Light alloy wheels, complete wheels, tyres, wheel bolt locking set

10 **Communication**

Volkswagen TeleCom, radio and navigation systems, Multimedia kit, MEDIA-IN, iPod adapter, hands-free systems

14 **Transport**

Roof and rear transport systems, towing hitches, luggage securing systems, child safety seats

20 **Comfort & Protection**

Luggage space liners, protective films, sill protectors, loading sill guard, mud flaps, parking distance control, sunshades, footmats, mirror trim set, decorative set, clothes hangers

26 **Lifestyle**

Model cars, baseball cap, mug, polo shirt, laptop case

The vehicles shown in this brochure are occasionally pictured with additional accessories and/or special fittings. These are not supplied in the scope of delivery of the product described, which also applies to any decor elements shown.

Sportiness begins in your head: in the eye of the beholder.

The special feature of the Polo is to present itself in the same sporty way that you want it. And, of course, how it fits you. Sometimes as an agile street car and sometimes as a sporty dynamic package.

Or simply as a typical Polo. A real joy for all of those that can simply not get enough of the sporty design. And therefore, of the Sport and Design products of Volkswagen Genuine Accessories.

Volkswagen Genuine Pedal cap set

The non-slip pedal caps made of brushed stainless steel are a real optical gain. While the high-quality design impresses, the anti-slip coating ensures for good grip. The set comprises accelerator, brake and clutch pedal caps. Only for manual transmission.

Art. no. 8N1 064 200

Volkswagen Genuine Front skirt

(Figure left)

Sportiness with intent: The aerodynamically formed front skirt signals a powerful dynamic. The black inlet in the middle underlines this sportiness additionally. The spoiler made of an especially durable, high-quality plastic is primed and can be painted in the colour of your car.

Art. no. 6R0 071 609 GRU

Volkswagen Genuine Side skirt kit

(Figure left)

The side skirts give a visual impression of suspension lowering and therefore provide the Polo with an even more dynamic look. Made of unbreakable and flexible plastic, the side skirts are also able to resist high stress. Both side skirts are primed and can be painted in the colour of your car.

Art. no. 6R0 071 685 GRU

Volkswagen Genuine Rear skirt

(Figure above)

The crowning final: the Volkswagen Genuine rear skirt for the Polo. It underlines the Polo's already distinctive character as well as the overall sporty appearance of the Polo. The rear skirt is made of an especially break resistant and flexible plastic, is primed and can be painted in the colour of your car.

Art. no. 6R0 071 610 GRU

Volkswagen Genuine Rear wing

(Figure above)

The Volkswagen Genuine rear wing rounds-up the sporty tail-end of the Polo. The distinctive shape, characterised by two openings, generates clamping force and is a real eye-catcher. Made of an especially sturdy, impact-resistant polyurethane hard integral foam, the rear wing can also withstand high driving stress. It is primed and ready for painting in the vehicle colour.

Art. no. 6R0 071 646 GRU

Volkswagen Genuine Chrome-look rear strip

(Figure above)

The attractive rear strip in high-gloss chrome look is not only an attractive eye-catcher, it effectively protects the tailgate edges at the same time.

The assembly is carried out easily by gluing onto the bottom edge of the tailgate.

Art. no. 6R0 071 360

Winners keep their wheels on the road.

Higher, better, further, more – it requires character in a world of the superlatives not to lose sight of the essentials. Therefore, precision and innovation have more relevance than speed. And safety has more relevance than everything else. Briefly, to keep a close look so that there can only be one winner over the long run: highest quality. For example, in the form of wheels and tyres. From Volkswagen Genuine Accessories.

Wheel bolt locking set

This wheel bolt locking set
ensures your light alloy wheels
have maximum protection
against theft.

Art. no. 000 071 597

An especial highly resistant paint finish contributes to the winter suitability of all light alloy wheels. Our range of **complete wheels** on offer can be obtained from the attached price list. Your Volkswagen partner will be more than pleased to give you a quote for the **tyres** to fit your vehicle.

The conditions and information contained in the German TÜV report must be carefully observed.

¹Please see the certificate for the relevant light alloy wheel for further applicable tyre sizes.

Technology and design matched together perfectly? Sounds good.

Great when you can understand each other. And even better: motivating each other for highest performances in the process. Just in the same way as our Volkswagen Genuine Accessories products in the field of communication. Highly developed technologies meet the most modern design in a harmonic dialogue. And in doing so, achieve their common goal in perfect interaction: best possible quality.

Volkswagen Genuine Integration solution "Click & Ride"

With the integration solution "Click & Ride", you combine the safety and comfort of a fixed installation navigation with the flexibility of a mobile solution. The mobile components: the Garmin nüvi® with 4.3" widescreen colour display, integrated MP3 radio and, upon request, including a Bluetooth hands-free system. Just as safe as fixedly installed: The integration kit for the perfect connection to the vehicle with integrated power supply as well as navigation instructions via the vehicle speakers. Only possible with the Garmin nüvi® included in the scope of delivery. Not suitable for vehicles with universal mobile telephone preparation.

Art. no. 000 051 255 N **With Bluetooth**
Art. no. 000 051 255 P **Without Bluetooth**

Integration kit without navigation device

Art. no. 6R0 051 259 **With TMC**

DVD Voyager 4 multimedia kit (Figure left)

The "DVD Voyager 4" multimedia kit makes car driving a particularly enjoyable experience for all rear seat passengers. The DVD tablet player integrated in the 7SDSq TFT display plays DVDs and CDs in all standard formats as well as MP3s. The flat and light player is mounted to or removed from the headrest quickly and easily and can therefore be used conveniently in different vehicles. The system is EU crash-tested, the player's rounded edges minimise any risk of injury in event of an accident. A child proofing in the player securing system provides additional safety. Also available as a basic or comfort kit. Please see the attached price list for more information.

Art. no. 000 063 500 ES

Volkswagen Genuine iPod adapter (not illustrated)

Using the iPod adapter you can connect your iPod to the Volkswagen radio or navigation system. The control and audio output takes place simply via the radio or navigation system. We recommend that you stow the iPod in the vehicle glove compartment for security and safety reasons. Can only be used in conjunction with the "RCD 210", "RCD 310" and "RCD 510" MP3 radios.

Art. no. 1K0 051 444 A

Volkswagen Genuine MEDIA-IN

(Illustration shows the MEDIA-IN with iPod adapter cable)

If you use the MEDIA-IN multimedia socket, you can easily connect your external audio sources (MP3 player, iPods, USB sticks, etc) and play their contents. The device control as well as display of music track titles and playlists takes place via the factory-fitted car radio or radio navigation system. Can only be used in conjunction with the "RCD 310" and "RCD 510" MP3 radios as well as with the "RNS 310" radio navigation system. Please see the attached price list for information on the optionally available adapter cables.

Art. no. 5N0 057 342

Volkswagen Genuine Radio navigation system RNS 310

(Figure above)

Convenient and precise operation using the 5SDSq touchscreen, accurate navigation as well as a brilliant screen quality with easily understandable 2.5-D map display belong to the excellent features of the radio navigation system "RNS 310". The "State-of-the-Art" radio with CD drive, SD card reader and AUX-IN socket enables the "RNS 310" to save and play back different file formats, such as MP3 and WMA – by the way, even when the route guidance is activated.

Art. no. 3C0 057 270

Volkswagen Genuine MP3 radio RMT 100

Unified freedom: MP3 radio, USB-Slot, AUX-IN and a Bluetooth hands-free system in one device. With the "RMT 100", enjoy your favourite music in the radio using the Audio or MP3-CD, CD-R, CD-RW, USB stick, your MP3 player or also from your mobile telephone per wireless Bluetooth connection. Pure versatility that is enhanced by the possibility of telephoning safely on the road when driving. A special fitting frame is required for the installation. More information can be obtained from the attached price list for this purpose.

Art. no. 6Q0 051 228

Volkswagen Genuine MP3 Radio RCD 210

The Volkswagen Genuine MP3 radio "RCD 210" combines a noble design with the highest degree of functionality: Excellent sound quality, state-of-the-art radio enjoyment including RDS, EON and GALA as well as several interfaces for connecting different devices such as, e.g., the CD changer. A useful storage shelf finally rounds up the "RCD 210" to a practical design object.

Art. no. 5M0 057 156 B

Volkswagen Genuine MP3 Radio RCD 310

For non-stop music enjoyment on all your journeys. The "RCD 310" MP3 radio has a CD drive and plays all your favourite files in MP3 and WMA format. With a 4 x 20 watt power output, the "RCD 310" makes a sound that can be heard. In addition, the surrounding of the buttons and knobs in chrome look make the radio a true eye-catcher.

For vehicles with a factory-fitted mobile telephone preparation

Volkswagen Genuine Bluetooth Touch-Adapter

When using the Bluetooth Touch-Adapter, you can operate your mobile phone with comfort via the high resolution touchscreen. Simply insert into the existing cradle of the factory fitted mobile telephone preparation, activate the Bluetooth hands-free profile in your mobile phone and connect your mobile phone with the adapter. Once it has been set up, you can simply leave your mobile phone in its case while you're driving. The operation of the mobile phone is performed conveniently via the touchscreen of the Touch-Adapter.

Art. no. 3C0 051 435 TA

Volkswagen Genuine Mobile phone adapter set

The mobile phone adapter set with active support is perfectly matched for cars that are already factory-fitted with a mobile telephone preparation – simply insert into the existing cradle. Two additional function keys connect you directly with the Volkswagen service and breakdown service when required. More information can be obtained from the attached price list for this purpose.

Art. no. 3C0 051 435 X¹

For vehicles without factory-fitted mobile telephone preparation

Volkswagen Genuine Bluetooth pairing-adapter

The Bluetooth pairing-adapter connects your mobile phone to the hands-free system of your car via Bluetooth. Simply insert into the existing cradle of the factory fitted mobile telephone preparation, connect the mobile phone via Bluetooth hands-free profile and in the future, leave your mobile phone in its case while you're driving.

Art. no. 3C0 051 435 PA

Volkswagen Genuine Bluetooth Touch Phone Kit

The "Touch Phone Kit" provides you with the highest degree on operating comfort with maximum safety. Using the speaker independent voice control and the high quality touchscreen, the Bluetooth hands-free system can be controlled as desired. The user interface in Volkswagen Genuine design is an additional eye-catcher. Furthermore, you can use the additional possibility to play back your MP3s from your mobile phone per audio streaming via the car's own loudspeakers. A separate adapter cable set as well as an AUX-IN adapter are required for connecting the hands-free unit to the radio/navigation system. You will find this in the attached price list.

Art. no. 000 051 473 A

¹X = mobile phone specific index. Since the range of mobile phone adapter sets is continuously being extended, please ask your Volkswagen partner or check the information available at www.volkswagen-zubehoer.de.

Being there is not everything. But having everything with you is.

Irrelevant as to how curvy, demanding and dynamic it may well be from time to time – life is simply not a rally. You can clearly notice that once you don't drive. When you are packing. For a weekend trip, for example. Here, it is suddenly not about avoiding every gram of additional weight, but to make sure that you pack everything you may need. Unnecessary ballast turns into necessary luggage. And an impracticable rally turns into a simple life.

Volkswagen Genuine Roof bars

Well equipped underway – thanks to the Volkswagen roof bar systems. The basis for this are the City-Crash tested roof bars to which, for example, surf board, bicycle, ski and snowboard holder or the practical roof boxes can be attached.

For 2 doors

Art. no. 6R0 071 126

For 4 doors

Volkswagen Genuine Canoe carrier

The canoe carrier has been especially developed for canoes weighing up to 25 kg. They can be transported safely on the roof of the vehicle without slipping or bouncing.

Art. no. 1K0 071 127 A

Surfboard carrier

The best wind conditions can surprise you from all sides. Great if not only the board but also the the required equipment find their place comfortably and safely. The surfboard holder has been designed for transporting a surfboard and two masts. Four mast holders and two tensioning straps are included in the scope of supply. The assembly to the roof bars is carried out quickly and easily.

Art. no. 000 071 120 HA

Volkswagen Genuine Roof box

The roof boxes with volumes of 310 l, 340 l and 460 l convince with their simple and comfortable handling: Roof boxes can be easily attached to the roof bars thanks to the practical quick clamp fastening. The innovative "DuoLift" system, which makes opening the roof box possible from both sides, ensures additional ease of loading and unloading. All roof boxes can be locked using the 3-point central locking system. Please observe the maximum permissible roof loading. Please see the attached price list for an overview of sizes and versions that are shown below.

Art. no. 3C0 071 109 A

Bicycle carrier for the towing hitch

Extension set for a third bicycle

Volkswagen Genuine Towing hitch

Whether you want to tow a boat, caravan or need additional storage space – if you want to transport a trailer with your Polo, you need a towing hitch. Can be supplied as fixed or removable versions.

The electrical fitting set must be ordered separately.

Please see the attached price list for instructions for use.

Art. no. 6R0 092 101

Art. no. 6R0 092 155

Fixed

Detachable

Volkswagen Genuine Electrical fitting set

(not illustrated)

Amongst others, this 13-pin electrical fitting set supports the stabilising program for the trailer, the so-called trailer stabilisation. The perfect matching to the controlling elements of the Polo provides you with a high system reliability.

Art. no. 6R0 055 210

Volkswagen Genuine Partition grille

This is how to stop your shopping, luggage or pets travelling along in the luggage compartment from becoming a risk when you have to brake abruptly. The partition grille separates the passenger compartment from the luggage compartment between the back seat backrests and the roof lining. The stable, black powder-coated steel grille can be fixed behind the rear seat backrest easily and comfortably. No additional drill holes are required, which means that the partition grille can be removed at any time without leaving any marks. The airbag function is not affected. The luggage space cover can also be used with the partition grille.

Art. no. 6R0 017 221

Volkswagen Genuine Luggage net

Ensures that everything stays in its place, and that light objects cannot slide around. The tear-resistant net is easily attached with securing hooks to the standard lashing eyes in the luggage compartment. For vehicles with variable load surface. Can be used for the equipment versions Comfortline and Highline.

Art. no. 5N0 065 111

Safety is a work of precision.

The musical clock, the bite rings, the book with pictures or the school books, all ages have their own small or larger milestones. Each stages of development have their own challenges. This is the reason why we have developed child safety seats for each age group. One that matches the age, mobility and the weight of the child perfectly. All Volkswagen Genuine child safety seats convince with a high sitting comfort and simple handling: All covers can be easily removed and can be washed at 30 °C. And the most important point: Each individual Volkswagen Genuine child safety seat provides your child with the highest level of safety. Because our testing criteria are much more stringent than legally prescribed and our test procedures are much more comprehensive than the ECE Standards.

Volkswagen Genuine Bobsy G0-1 ISOFIX

The "Bobsy G0-1 ISOFIX" is the safest seating system for children weighing up to 18 kg (up to 4.5 years). The seat is firmly fixed to the vehicle bodywork using the ISOFIX fixing to the subframe, but can also be used without problems in vehicles without the ISOFIX system. The child seat is approved for Groups 0/1, which means they can be used from birth onwards up to a weight of around 18 kg if fitted facing backwards. If they are fitted facing forwards, they are approved for use between 9 and 18 kg. Highlights: The belt harness is height-adjustable and the seat shells can be clicked into three angle settings. The subframe for fitting the child seat to the vehicle must be ordered separately.

Subframe for use facing forwards

Volkswagen Genuine Bobsy G2-3 pro

With its seat cushion that can be adjusted in its width and the height adjustable sleep support, the "Bobsy G2-3 pro" makes sure that the belt routing is kept snug to the child's body and is therefore perfect for children between three and twelve years old (15 to 36 kg). Using the special head part, the side flanks that protrude to the front and the shoulder area that is covered completely provide a high comfort and give the best possible protection in event of a side collision. The individual height and inclination settings guarantee additional comfort. The fastening is achieved using a three-point belt.

**One does not always have to be the first one.
But the cleverest one.**

There are people that always prefer to drive with full speed. Polo drivers on the other hand prefer to drive using their head. And this is especially with Volkswagen Genuine Accessories that allow them to design themselves and their Polo as comfortable and safe as possible. So that one can look forward to mastering all challenges relaxed at any time.

Volkswagen Genuine Luggage compartment loadliner with partitioning elements

The robust luggage compartment protection tray is equipped with four flexible insertable partitioning elements that you can use for the safe and sorted storage of goods to be transported in the luggage compartment. The plastic tray with Polo lettering fits the luggage compartment perfectly, is washable, anti-slip and acid resistant. The 125 mm high surrounding rim prevents liquids running out onto the vehicle floor. The variable loading surface that can be optionally ordered ex-factory can be used as a cover for the luggage compartment loadliner.

Art. no. 6R0 061 162

Volkswagen Genuine Luggage compartment inlay

This light and flexible inlay is made to perfectly fit the Polo contours. Its rim, approx. 5 cm high, provides sufficient protection against moisture and dirt. The diamond pattern integrated in the material is anti-slip. If the luggage compartment liner is not required, it can be simply rolled up for saving space.

Volkswagen Genuine Park Distance Control – rear

Four sensors and an acoustic warning signal help the driver while parking backwards: The park distance control is automatically activated when reverse gear is engaged, and is confirmed with a brief signal tone. It is harmonically integrated into the vehicle's bumper. The self-diagnosis function of the park distance control helps to detect faults and the intelligent setup function recognises things such as your own towing hitch as not being an obstacle.

Art. no. 6R0 054 630 B

Volkswagen Genuine V Protector

The paint protection film "V Protector" protects your Polo in all those areas where the perils of daily risks lurk: on the mirror caps, front bumper, door handles, door edges and the loading sill. The transparent film cut to match the specific model does not only ensure for a better protection of your Polo but also optimises its value retention. Please see the attached price list for the individual versions.

The highlights of the V protector paint protection film:

- Effective value retention and perfect protection
- Transparent and precise fitting to the vehicle
- Durable and free of yellowing
- Free of residues when removing, even after several years

Volkswagen Genuine

Transparent sill rail film

Like an invisible protective guard, the precise-fitting transparent Volkswagen Genuine protective film can be applied on painted entry points. So that scratches don't have a chance any more and you enjoy getting in for a long time. Sticks on easily and quickly.

You can recognise passionate Polo drivers on their winning smile. Amongst other things.

The likeable feature of a Polo driver is that they are as they are: individual, unique and authentic. Simply typical Polo. Set highlights yourself with the new Polo collection. And stay as you are: unmistakable. The comprehensive collection of exclusive leisure clothing and finest accessories accompany you on your trip. Always with a top-quality finishing and always made of the best materials. Because everything else would not be a Polo.

Volkswagen Genuine Model cars

The Polo knows how to impress, not only in life-size – the original model cars have a lot in common with their "big brother". A high-quality processing and extraordinary attention to detail, for example. Please see the attached price list for more information about the versions and scales.

Volkswagen Genuine Baseball-Cap

This baseball cap with high-quality Polo lettering gives polo drivers a sporty look. A fashionable accessory that does not only match everyone but also fits everyone: thanks to the elegant metal catch for continuously adjustable width adjustment.

Volkswagen Genuine Mug

(Figure left)

Irrelevant if it is coffee, tea or cold drinks – the Polo driver's motto: Enjoyment is the most important thing. From the mug with Polo lettering, for example. Six uni-coloured mugs in a set – it's much better to enjoy together.
